Our Team

Chief Executive Officer – Davis Sebastian

Indocosmo Pvt Ltd is a part of Indocosmo Group of companies with presence in Japan and India. Davis Sebastian is the CEO of Indocosmo Group. He is a Mechanical Engineer and has done Management Education from Japan. He has more than 20 years experience in varied industries like Construction, Manufacturing and Information Technology in India and Abroad. He has been delivered his services in various

Systems Integration and Consulting for Private and non-profit organizations. An experienced management team operating from Japan and India supports him. Added to his dynamic personality are his Social commitments, which focus on welfare of the people in and outside the company.

Our Vision

At corporate front, we aim to become one of the best global IT solution provider by creating a great working environment where our people are inspired and motivated to serve our customers at the best they can and a good investment location where the shareowners are guaranteed with long-term returns.

At the social front, we aim to be the reason for happiness among the underprivileged by contributing towards an inclusive society.

Our Mission

Our mission is to help our clients achieve great success by delivering the most customer centric IT Solutions. We would achieve this by:

- Understanding the customer requirements at its best.
- Proposing the most technologically advanced, best quality and cost effective solutions
- Keeping ever lasting relationship and trust.
- Keeping the company technologically up-to-date and quality conscious.

Our Organization

Indocosmo Systems Pvt. Ltd is an Information Technology services company providing Business solutions and Portal solutions since 2001. We blend industry domain Knowledge with technical expertise to provide value-based solutions to our clients and help them work across the borders. Since its inception in 2001, Indocosmo has gone a long way as a software service provider and as a system integrator in India and abroad. We setup our operations in Japan, the second largest IT market valued over \$ 60 Billion, by setting up our office at Tokyo in the year 2001 aiming at the core of Japanese Market success. Our Japanese language expertise helped us a smooth leap into the Japanese Software

Why Us?

Indocosmo Systems has extensive experience in providing IT consulting, development, maintenance and deployment services, information management and assessment solutions, CRM and process automation as well as setting up Extended Development Centers. With our unique delivery models our clients have been able to benefit at reasonable capital cost. Through our controlled processes we are able to execute highly technical projects within scope, on time, and within budget.
